

SAUGA news

In August the Annual SAUGA Congress for 2019 was held in Johannesburg. Four Pre Conference workshops were held including a physiotherapy workshop and a live practical session on pig's bladders with urethral bulking, a surgery workshop and a masterclass around understanding the integral theory. The main conference was held over 2 days with International faculty consisting of Prof Petros (Australia) prof Mikkola (Finland) and Prof Noe' (Germany). With one day dedicated to live surgery training and lectures and discussions on the next day focusing on urinary incontinence and pelvic organ prolapse. The SAUGA AGM was also held and the board elected for the next three years with Prof Zeelha Abdool re-elected as chairman.
